

Clinical Trials of Texas, Inc.

Dedicated to the advancement of new medical therapies.

Curriculum Vitae

Scott P. Worrich, MD

7940 Floyd Curl, Ste. 1050
San Antonio, Texas 78229

403 Treeline Park, Suite 200
San Antonio, Texas 78209

EDUCATION

- 2006-2007 Pain Management Fellow, University of Texas Health Science Center at San Antonio
San Antonio, Texas
- 2002-2006 Anesthesiology Resident, Penn State Milton S. Hershey Medical Center, Hershey,
Pennsylvania
- 1998-2002 Doctor of Medicine, University of Texas Health Science Center at San Antonio
San Antonio, Texas
- 1994-1998 Bachelor of Science in Biomedical Science: Cum Laude Graduate, Texas A&M
University, College Station, Texas

LICENSURE

Texas Medical License #M4663
Texas DPS #30147444
DEA Registration #BW9855480
Medicare National Provider #1699703066
Medicare Provider #8G7961
Medicare UPIN #I62294

AWARDS

2006 Senior Resident Teaching Award: Department of Anesthesiology Hershey, Pennsylvania

PROFESSIONAL MEMBERSHIPS

American Society of Anesthesiologists
American Academy of Pain Medicine
International Spine Intervention Society
American Neuromodulation Society
Bexar County Medical Society
Texas Medical Association

EMPLOYMENT

- 2007-Present Consultants in Pain Medicine, San Antonio, Texas
- 2007-Present Consultants in Pain Research, San Antonio, Texas
- 2006-2007 *Pain Management Fellow, UTHSC-San Antonio*
- 2002-2006 *Anesthesiology Resident, Penn State Milton S. Hershey Medical Center*

PRESENTATIONS

Management of Neuropathic Pain in a Patient with Syringomyelia, Anesthesiology Grand Rounds
Hershey, Pennsylvania. 2005

Effect of transdermal fentanyl on peripheral opioid analgesia, Resident Research Day. Hershey, Pennsylvania. 2005

International Anesthesia Research Society Annual Meeting. Honolulu, Hawaii 2005
Abstract from transdermal fentanyl study presented as a poster presentation and moderated panel discussion in chronic pain category.

PUBLICATIONS

Worrich SP, Schuler HG, Janicki, PK. Effect of local administration of transdermal fentanyl on peripheral opioid analgesia. *Pain Medicine*. 2007; 8(1): 41-7.

RESEARCH EXPERIENCE

2007-Present; Percutaneous Tripole Study for Low Back Pain

2007-Present; A Randomized, Double-Blind, Placebo-Controlled, Parallel-Group With a Crossover Confirmation Period Study of XXXXX for the Treatment of Postherpetic Neuralgia

2007-Present; A Randomized, Double-Blind, Active-Controlled Crossover Study to Evaluate the Efficacy and Safety of XXXXX Compared with Immediate-Release XXXXX for the Management of Breakthrough Pain in Opioid-Tolerant Patients with Chronic Pain.

2007-Present; Randomized, Double-Blind, Placebo-Controlled Multi-Center Study to Evaluate the Safety and Efficacy of XXXXX for the Treatment of Breakthrough Cancer Pain

2007-Present; A Multi-Center, Randomized, Double-Blind, Placebo-Controlled, Parallel-Group Study of XXXXX for the Treatment of Opioid Induced Constipation In Subjects with Chronic Non-Malignant Pain.

2004-2006; *Investigator, Department of Anesthesiology*

Co-Investigator in a clinical research trial that studied whether transdermal fentanyl produces peripheral opioid analgesia at the site of patch application. I was involved in all clinical aspects of the study, statistical analysis, and writing of the abstract and manuscript.

1996-1997; *Research Assistant, Department of Medical Biochemistry and Genetics*

I worked as a lab assistant performing basic science research
